~~A History Of Modern France~~

~~Good mainly accurate review of modern French history, with much better understanding of failings of socialism than might be expected from someone who has worked for the Guardian and the Observer. But the high point of the book is a blistering final chapter which points out that France is in as bad a stare as it was before the revolution.~~

The History of Modern France; How the French Think ...

Examining primary texts from major periods and events in French history, the module will equip you with an understanding of the nature of modern France. We will be guided on our journey through French history using a range of sources and approaches, from the graffiti of the events of May 1968 to the prints of the French Revolution in 1789, and from tales of the ancient Gauls to films and texts which reflect France's ongoing obsession with its (often controversial) recent past.

A History of Modern France: Amazon.co.uk: Popkin, Jeremy D ...

The first written records for the history of France appeared in the Iron Age. What is now France made up the bulk of the region known to the Romans as Gaul. Greek writers noted the presence of three main ethno-linguistic groups in the area: the Gauls, the Aquitani, and the Belgae. The Gauls, the largest and best attested group, were Celtic people speaking what is known as the Gaulish language.

History of France - Wikipedia

The Kingdom of France in the early modern period, from the Renaissance to the Revolution, was a monarchy ruled by the House of Bourbon. This corresponds to the so-called Ancien Régime. The territory of France during this period increased until it included essentially the extent of the modern country, and it also included the territories of the first French colonial empire overseas. The period is dominated by the figure of the "Sun King", Louis XIV, who managed to eliminate the remnants of ...

The History of Modern France by Jonathan Fenby, book ...

As her cross-Channel neighbour Great Britain would equally suffer, France was to undergo the wrenching loss of colonies in the post-Second World War as the new modern world we know today took shape. Her attempts to become the leader of the European union is a constant struggle, as was her lack of support for America in the two Gulf Wars of the past twenty years.

The History of Modern France by Jonathan Fenby | Waterstones

A HISTORY OF MODERN FRANCE by Cobban, Alfred and a great selection of related books, art and collectibles available now at AbeBooks.co.uk.

Organized chronologically, A History of Modern France presents a survey of the dramatic events that have punctuated French history, including the French Revolution, the upheavals of the 19th century, the world wars of the 20th century, and France's current role in the European Union. Written for today's undergraduate students, the text presents scholarly controversies in an unbiased manner and reflects the best of contemporary scholarship in French history.

With the defeat of Napoleon Bonaparte at the Battle of Waterloo in June 1815, the next two centuries for France would be tumultuous. Bestselling historian and political commentator Jonathan Fenby provides an expert and riveting journey through this period as he recounts and analyses the extraordinary sequence of events of this period from the end of the First Revolution through two others, a return of Empire, three catastrophic wars with Germany, periods of stability and hope interspersed with years of uncertainty and high tensions. As her cross-Channel neighbour Great Britain would equally suffer, France was to undergo the wrenching loss of colonies in the post-Second World War as the new modern world we know today took shape. Her attempts to become the leader of the European union is a constant struggle, as was her lack of support for America in the two Gulf Wars of the past twenty years. Alongside this came huge social changes and cultural landmarks but also fundamental questioning of what this nation, which considers itself exceptional, really stood - and stands - for. That saga and those questions permeate the France of today, now with an implacable enemy to face in the form of Islamic extremism which so bloodily announced itself this year in Paris. Fenby will detail every event, every struggle and every outcome across this expanse of 200 years. It will prove to be the definitive guide to understanding France.

With the defeat of Napoleon Bonaparte at the Battle of Waterloo in June 1815, the next two centuries for France would be tumultuous. Critically acclaimed historian and political commentator Jonathan Fenby provides an expert and riveting journey through this period as he recounts and analyzes the extraordinary sequence of events of this period from the end of the First Revolution through two others, a return of Empire, three catastrophic wars with Germany, periods of stability and hope interspersed with years of uncertainty and high tensions. As her cross-channel neighbor Great Britain would equally suffer, France was to undergo the wrenching loss of colonies in the post-Second World War era as the new modern world we know today took shape. Her attempts to become the leader of the European union was a constant struggle, as was her lack of support for America in the two Gulf Wars of the past twenty years. Alongside this came huge social changes and cultural landmarks, but also fundamental questioning of what this nation, which considers itself exceptional, really stood—and stands—for. That saga and those questions permeate the France of today, now with an implacable enemy to face in the form of Islamic extremism which so bloodily announced itself this year in Paris. Fenby will detail every event, every struggle, and every outcome across this expanse of 200 years. It will prove to be the definitive guide to understanding France.

A lively and informative short volume that shows that France is not a faded glory but rather a place that has defined and shaped the key issues of our contemporary world, such as democracy and universal human rights, the emergence of a culture of consumerist spectacle, the tensions between nationalism and contemporary multiculturalism, and the role of religion in the modern state.

A major new textbook examining the nature of the state and the monarchy in early modern France.

The Jews of Modern France explores the endlessly complex encounter of France and its Jews from just before the Revolution to the eve of the twenty-first century. In the late eighteenth century, some forty thousand Jews lived in scattered communities on the peripheries of the French state, not considered French by others or by themselves. Two hundred years later, in 1989, France celebrated the anniversary of the Revolution with the largest, most vital Jewish population in western and central Europe. Paula Hyman looks closely at the period that began when France's Jews were offered citizenship during the Revolution. She shows how they and succeeding generations embraced the opportunities of integration and acculturation, redefined their identities, adapted their Judaism to the pragmatic and ideological demands of the time, and participated fully in French culture and politics. Within this same period, Jews in France fell victim to a secular political antisemitism that mocked the gains of emancipation, culminating first in the Dreyfus Affair and later in the murder of one-fourth of them in the Holocaust. Yet up to the present day, through successive waves of immigration, Jews have asserted the compatibility of their French identity with various versions of Jewish particularity, including Zionism. This remarkable view in microcosm of the modern Jewish experience will interest general readers and scholars alike.

A magisterial history of French society between the end of the middle ages and the Revolution by one of the world's leading authorities on early modern France. Using colorful examples and incorporating the latest scholarship, William Beik conveys the distinctiveness of early modern society and identifies the cultural practices that defined the lives of people at all levels of society. Painting a vivid picture of the realities of everyday life, he reveals how society functioned and how the different classes interacted. In addition to chapters on nobles, peasants, city people, and the court, the book sheds new light on the Catholic church, the army, popular protest, the culture of violence, gendered relations, and sociability. This is a major new work that restores the ancien régime as a key epoch in its own right and not simply as the prelude to the coming Revolution.
