Academy of Assassins Series by Stacey Brutger

I've just re-read this thinking I'd bought book two. Unfortunately I hadn't - Academy of Magic, Academy of Assassins - names and covers too similar for my old brain to notice. So I now have to buy book 1 of Academy of Magic, and wait, impatiently, for book 2 of Academy of Assassins! Ah well... This is good, just as good on a second reading.

ONLY ONE THING STANDS BETWEEN HUMANS AND THE DEADLY SUPERNATURAL WORLD...THE ACADEMY OF ASSASSINS.

Abandoned as a child and unable to remember her past, Morgan was raised as a hunter, one of an elite group of fighters sworn to protect humans from the dangerous paranormal creatures who invade our world...creatures such as herself. Her life changes the day she's summoned to the Academy of Assassins, a school that trains witches and hunters to eradicate paranormals who prey on humans. Her first assignment-find and eliminate the killer who is using the Academy as their own personal hunting ground. As Morgan delves deeper into the investigation, she will need to dodge assassination attempts, avoid the distraction of romantic entanglements with the devilishly handsome security expert, Kincade, and his maddeningly overprotective teammates, while keeping the volatile magic in her blood concealed from those who would use it for their own purposes. When the danger increases and the school is threatened, Morgan must unearth her missing memories before someone finishes the job they started so long ago-killing her and unleashing a plague that will consume the world. An Academy of Assassins Novel : Book 1

SECRETS THREATEN TO DESTROY THE ACADEMY. IF THE ASSASSINS CAN'T WORK TOGETHER, THE ACADEMY WILL FALL AND CHAOS WILL REIGN.The assassins have their hands full chasing down the creatures who've fled to the human world. Too bad Morgan has been consigned to the schoolroom, too valuable as the future heir to the crown to be risked. Not one to kick up her heels and do nothing, Morgan is determined to find out how to control her powers so she can protect what is hers...even if she has to sneak behind her team's backs to do so.But what should've been a time to settle down with her mates turns deadly when secrets are exposed. Morgan is furious, but determined to fight for the chance to have a future with her men...even if she must challenge the sea queen to prove her claim on Draven.The sea queen is vicious and will do whatever is necessary to get what she wants...and she wants Draven. There is always a price to pay for defying the queen, but her mates refuse to let Morgan pay the price alone.When a deal is struck, Morgan and her team must survive the next three days of being hunted by the queen's mightiest champions. If she fails, she and her mates will die, and Draven will be forced into a life of slavery for all eternity. --page 4 of cover

Rebel or die. My choices are simple. I've been sent to Bloodwing Academy because I'm one of the magically repressed. I should have magical powers, but I don't. Not yet. One day I'll wake up and my powers will be out of my control. I'll be a threat to everyone around me, but that doesn't mean they should lock me up.Especially with the dangerously fierce and irresistibly gorgeous, Striker Draven. As heir to the Draven fortune, he thinks he can have whatever he wants. He wants to pull me apart, rip out my power, and take my heart with it.That's if I don't rip his out first.My name is Peyton Price. My freedom is going to come at a cost. Body and mind, I have to decide if I'm willing to pay it.

A full-length dark academy romance, the second and final book in the Assassin's Academy series. An enemies to lovers romance for fans of action and intrigue.I only know three things for certain. First, the Assassin's Legion will stop at nothing to annihilate every student at Bloodwing Academy. Second, my power is growing rapidly and my true nature will soon be beyond my control. Third, Striker Draven's love will destroy me.Oh, and there's a fourth: Striker's ex has returned and she's intent on getting him back.Determined to protect my friends, I'll fight any attack on the Academy. I'll curb my inner nature to keep them safe. I'll even take on Striker's ex. But mind and body, heart and soul, love is my poison.

Everything changed when Raven, a natural born conduit, accidentally walks in on a slave auction. She only wants a night out with her friends

before her next case as a paranormal liaison with the police. Instead, she ends up in possession of a shifter and his guardian. When your touch can kill, living with two touchy-feely shifters is a disaster waiting to happen. To make matters worse, a vicious killer is on the loose. As mutilated bodies turn up, she can't help fear that her new acquisitions are keeping secrets from her. The strain of keeping everyone alive, not to mention catching the killer, pushes her tenuous control of her gift and her emotions to their limits. If they hope to survive, they must work together as a pack or risk becoming hunted themselves. This is a full lengthed Urban Fantasy novel.

A Teenage Girl Torn from her Family Must Survive a Series of Deadly Trials to Earn her Place in a Dangerous School of Magic, from Bestselling Authors K.F. Breene and Shannon Mayer You don't choose The Academy. The Academy chooses you. I had no idea how those words would change my life, until the day the most dangerous man I've ever met waltzed onto my farm and left us a death sentence. My younger brother has been chosen for The Academy: the prestigious, secret school of magic hidden within the folds of our mundane world. A place where there's no guarantee you'll make it out alive. If he doesn't go, our entire family will be killed. It's the same invitation my older brother received three years ago—and he never came home. The Academy has already killed one sibling, and I'll be damned if they take another. So I do the only thing an older sister can: chop off my hair, strap on two bras to flatten the girls, and take my brother's place. Magic and monsters are real. Assassins are coming for me, and the dead are prone to rise. What's a girl faking it as a boy supposed to do? Being accepted into an elite school of magic, monsters, and assassins was not my idea of higher education. But here I am, fighting my way through the deadly physical and mental tests of the Culling Trials to claim my right to be taught. In a cutthroat world where no one is as they seem, the golden rule is simple: Trust no one. The Academy tells us we should just look out for ourselves. That we should leave the fallen behind and ask no questions. Not on my watch.

In New York Times and USA Today bestselling author Toni Aleo's third novel in her hot Assassins series, the chiseled men of this Nashville hockey team can make anything happen when they go all out for the women they want—even turn a one-night stand into a happily ever after. Audrey Parker is up against the boards. She's stuck in a job she hates and pining for a total jerk. Meanwhile, her sister Fallon is moving out and getting married to hockey star Lucas Brooks. Where is Audrey's Prince Charming? Nothing she does has ever seemed to be good enough for any of the men in her life. Audrey's about to hit rock bottom . . . until she wakes up next to Tate Odder. The thrill of moving up from the minors to the Nashville Assassins was a welcome distraction. But not even becoming the first rookie goalie to tally three shutouts in the Stanley Cup finals alleviates the pain. With the loss of his parents and sister weighing as heavily on his soul as ever, Tate Odder can't keep pretending he's okay. That's when he meets smart, sexy Audrey. Her gentle warmth and quirky sense of humor make him feel whole for the first time in too long. But to stay that way forever, Tate must find a way to accept his past and learn to live for love. Praise for Toni Aleo's Nashville Assassins romances "Aleo melts the ice and hits it into the net with her Assassins series."--Award-winning author Jami Davenport "Taking Shots is really the whole package. You get romance, humor, steamy sex, drama, and then it all wraps up with a great conclusion. I am amazed that this is Toni's first book. She has come out in a huge way. I can't wait to read more from her. Don't hesitate for a moment to grab this book."--Guilty Pleasures Book Reviews "A little steamy, a little heartbreaking, and a whole lot of fanning yourself are in order this time around, readers. Are your cheeks feeling a little pink yet? Get used to the feeling."--Dreaming in the Pages, on Trying to Score "Empty Net is an honest, heartwarming, endearing story. . . . Toni Aleo doesn't just write a story. She gives you the ability to experience the journey of her characters right along with them. Her stories are enveloped with passion, emotion, humor, love; and let me tell you, that girl knows how to write a sex scene that just makes you sweat!"--Guilty Pleasures Book Review "Sexy and riveting . . . the perfect combination of love and lust."--USA Today bestselling author Heidi McLaughlin, on Blue Lines "Funny, charming, sweet, sexy . . . [Falling for the Backup] has everything you want in a story."--Blushing Reader

A gargantuan, mind-altering comedy about the Pursuit of Happiness in America Set in an addicts' halfway house and a tennis academy, and featuring the most endearingly screwed-up family to come along in recent fiction, Infinite Jest explores essential questions about what entertainment is and why it has come to so dominate our lives; about how our desire for entertainment affects our need to connect with other people; and about what the pleasures we choose say about who we are. Equal parts philosophical quest and screwball comedy, Infinite Jest bends every rule of fiction without sacrificing for a moment its own entertainment value. It is an exuberant, uniquely American exploration of the passions that make us human - and one of those rare books that renew the idea of what a novel can do. "The next step in fiction...Edgy, accurate, and darkly witty...Think Beckett, think Pynchon, think Gaddis. Think." --Sven Birkerts, The Atlantic

High school gets even harder when there's an evil god on the loose in the New York Times bestselling author's YA urban fantasy novel. My name is Gwen Frost, and I go to Mythos Academy, a school of myths, magic and warrior whiz kids. And now there's also Loki, the evil god I helped set free against my will. On the bright side, I finally got a date with Logan Quinn, the hottest—and deadliest—Spartan at Mythos. But I should have known it was destined to end in disaster. If we'd gotten into a swordfight, or been ambushed by Reapers, I'd have been more prepared. I definitely didn't expect to get arrested mid-sip at the local coffee hangout. I'm accused of purposely helping the Reapers free Loki—and the person leading the charge against me is Linus Quinn, Logan's dad. Now pretty much everyone at school thinks I'm guilty. If I'm going to get out of this mess alive, I'll have to do it myself.

It's been three years since my parents, two of the best agents at an elite organization for magical assassins, died mysteriously. After inheriting both of their powerful magic at once I've had to work as a contract assassin just to survive. After following lead after lead for years I thought the trail went cold until I found a mysterious letter that lead me to the Magic Assassin Academy. Posing as a student has it's perks, a hot assassin teacher from my past and two smokin' vampire-witch hybrid ones to be exact. But it also has it's downfalls- mean girls are definitely worse when they have magical abilities. But being there uncovers more and more secrets about my parents past. Between classes, parties, and mean girls I start to wonder- Can I really learn to master my unstable magic and untangle myself from this love web before an ancient power comes in and destroys us all?
