Adoption: The Prinmal Wound Effects of Separation from the Birthmother on Adopted Children. by Nancy Verrier, M.A. Thanks to Ms. Verrier for allowing us to share this paper with you! "There is no such thing as a baby...." When Donald Winnicott said those words, what he meant was that there is instead a mother/baby--an emotional, psychological, spiritual unit--where knowing comes from intuition and where energy is exchanged.

The Primal Wound. The Primal Wound is a book which is revolutionizing the way we think about adoption. In its application of information about pre- and perinatal psychology, attachment, bonding, and loss, it clarifies the effects of separation from the birth mother on adopted children. In addition, it gives those children, whose pain has long been unacknowledged or misunderstood, validation for their feelings, as well as explanations for their

behavior.

~~The Primal Wound | Nancyverrier.com~~

The Primal Wound is the most recent and revealing work done on the effects of adoption on the adopted. In the author's own words, "I believe that the connection established during the nine months in utero is a profound connection, and it is my hypothesis that the severing of that connection in the original separation of the adopted child from the birth mother causes a primal or narcissistic wound, which affects the adoptee's sense of Self and often manifests in a sense of loss, basic ...

What about children adopted as embryos who are birthed by their amoms? This will really be the test to see if the Primal Wound theory stands up. Again, not to say that the wound isn't there. Clearly it is, but I'm saying studying these non-traditional birth situations might give more insight into the causes of it.

She examines the life-long consequences this can have for adopted people, as they are growing up and into adulthood, underpinning this with information about pre- and perinatal psychology, attachment, bonding, and the effects of loss. Since its original publication in 1993, The primal wound has revolutionised how we think about adoption. Over the years, thousands have read this classic and found in it profound insights and revelations on what being adopted means to adopted people.

~~The primal wound | CoramBAAF~~

The Primal Wound: Understanding the Adopted Child is a book by American author Nancy Verrier published in 1993. The book posits that there is a "primal wound" that develops when a mother and child are separated by adoption shortly after childbirth. It describes the mother and child as having a vital connected relationship which is physical, psychological and physiological, and examines the effects of disrupting such bonds.
