Here is the full drum transcription for Back in Black by AC/DC. This is one of the band's biggest songs, taken from the 1980 album Back In Black . This is Phil Rudd at his simplistic best with super simple but rock solid grooves that perfectly allow the guitars and vocals to soar above with maximum effect.

Back in Black (the album) went on to become the second best selling record of all time. This instantly recognisable beat and rhythmic figure is heard in the introduction section of the song. Beginning on beat two of the second measure, the drummer doubles the rhythm played by the guitarist - a three sixteenth note motif comprised of two notes and a rest.
