Interest rates in the UK have remained at record lows since the financial crisis of 2008/09. Prior to this period, savers could

# Download Free Diy Income A Practical Guide To

easily secure an attractive rate of interest on their savings - 4%, 5% or even 6%. In recent years, these higher rates have reduced to just 1% or 2%. Naturally, many people have been looking around trying to obtain a better return on their savings. Some have turned to P2P but this is not without additional risks compared to cash deposits. Others are tempted by the offer of a better return from the stock market but most ordinary people have little knowledge of the markets and may be apprehensive about dealing in areas they do not really understand. Of course, those that can afford the up front fees can employ the services of a professional financial adviser. For those people who cannot afford it or simply choose not to go down the adviser route, this short diy guide to securing a better income from investments is designed to help ordinary people to better understand the markets

Security account (find the hidden values there), pension (monthly income or lump sum?), home equity (sell and invest the proceeds or take a reverse mortgage?), savings (should you buy a lifetime annuity?), and retirement accounts (how to invest and--critically--how much to withdraw from your savings each year?).

The right moves will not only raise the amount you have to spend, they'll stretch out your money over many more years.

You will also learn to look at your savings and investments in a new way. If you stick with super-safe choices the money might not last. You need safe money to help pay the bills in your early retirement years. But to ensure that you'll still have spending money 10 and 20 years from now, you have to invest for growth, today. Quinn shows you how. At a time when people are living longer, yet retiring with a smaller pot of savings than they'd hoped for, this
