investors \$30 billion, the equivalent of \$396 billion today.

Great Depression: What Happened, Causes, How It Ended

The Great Depression is commonly used as an example of how intensely the global economy can decline. The Great Depression started in the United States after a major fall in stock prices that began around September 4, 1929, and became worldwide news with the stock market crash of October 29, 1929, (known as Black Tuesday).
