Althusser and Law is
the first book
specifically dedicated

Download Free Haier Hnse05

to the place of law in
Louis Althusser ' s
philosophy. The
growing importance
of Althusser ' s
philosophy in
contemporary
debates on the left
has - for practical and
political, as well
theoretical reasons -
made a sustained
consideration of his
conception of law

Download Free Haier Hnse05

more necessary than ever. As a form of what Althusser called ' Ideological State Apparatuses ' , law is at the forefront of political struggles: from the destruction of Labour Law to the exploitation of Patent Law; from the privatisation of Public Law to the ongoing hegemony of

Download Free Haier Hnse05

Commercial Law; and from the discourse on Human Rights to the practice of judicial courts. Is Althusser still useful in helping us to understand these struggles? Does he have something to teach us about how law is produced, and how it is used and misused? This collection

Download Free Haier Hnse05

demonstrates that Althusser ' s ideas about law are more important, and more contemporary, than ever. Indeed, the contributors to Althusser and Law argue that Althusser offers a new and invaluable perspective on the place of law in contemporary life.

Pancreatic surgery is less frequent, but because of the close relation between the biliary system and the pancreas, knowledge of pancreatic problems is equally essential to the surgeon.
