Smashing SBM is based around the same approach as our successful and best-selling Cracking Case book: practical, student-focused and simple advice on what to do to pass an unusual examination in which time management and examination technique are the key to success. This new 2018 edition has been fully updated for the new syllabus and the learning points raised by the 2017 examinations. Given the relatively low number of questions in each SBM examination (just 2) and the very open nature of the requirements, it is vital that you have a way of determining which areas are important and which issues are going to attract fewer marks. Smashing SBM sets out an effective planning methodology (which we call MAPs) that helps you predict the mark allocation of sub-parts of a question and allocate your time effectively. Our MAPs give direction to your answer by providing reminders on how to assess the likely mark allocation whilst also reminding you of key things to do in Q1 and Q2, based on our review of examiner comments. Smashing SBM also contains detailed reviews of the 8 real examination papers set to date with a view to understanding patterns in the question format and content, as well as the mark allocation. Smashing SBM includes detailed revision of key financial management and business strategy topics, as assessed in the real examination papers and ICAEW SBM mock exams. We have also included selected questions from our Business Strategy and Financial Management Q&A books to help you revise these areas very quickly. The book also contains detailed notes on the Specialist Audit & Assurance topics which are examinable at the Advanced Level. Our revision notes focus on areas other than statutory audit as we know that around 10% of the marks will be for these specialised areas such as internal audit, Agreed Upon Procedures, review of prospective information and so on. Smashing SBM contains detailed revision of ethics, including various ethical frameworks, to help you achieve the 5-10% of marks available for ethics in SBM. Smashing SBM is designed to pair up with its sister publication, SBM Exam Room Notes 2018, which provides clear, alphabetically-referenced sets of notes on all key SBM topics to provide exam room reminders of mark-scoring points - perfect for avoiding exam room panic! This volume deals with the evolution of accounting from earliest times, and gives particular attention to corporate accounting developments since the Industrial Revolution. The author identifies the various sources of accounting practices employed by British companies, to demonstrate the main changes which have taken place, when they occurred and why. The author emphasises the need to understand the legal, social and economic context in which accountancy changes take place, and also studies the conflicts which arise between suppliers and users of accounting statements. The study concludes with an examination of the duties performed by the professional accountant, the extent to which these have changed in the course of time and how his position in society is reinforced by the activities of professional institutions.

Our SBM Exam Room Notes provide condensed summaries of over 100 key SBM topics, based on our careful review of the SBM syllabus, SBM past papers & ICAEW mocks and the topics tested under the similar Business Change paper of the previous ACA syllabus. The 2018 edition of our SBM Exam Room Notes has been fully updated for the 2018 syllabus and we have added several new sections on key syllabus updates such as cloud computing, cyber security, Digital Transformation, new content relating to Big Data, amongst other areas. We have also updated the book for the possible increased likelihood of testing of ISAE 3402 implied by the syllabus additions on IT topics. In response to the recent trend for SBM past papers to test brought forward derivatives knowledge from the Financial Management paper, the 2018 edition of our SBM Exam Room Notes also includes reminders on how to perform calculations for forwards, futures, options, Interest Rate Swaps, Forward Rate Agreements and Money Market Hedging. All topics are organised alphabetically for very quick reference under time pressure in the examination and include calculations where relevant. We also provide a list of topics organised by scenario (Acquisitions, Change, Finance, Growth etc) so that you can quickly find sets of relevant notes. Using our SBM Exam Room Notes will help you avoid a mind blank in the examination and will keep you focused on points that are more likely to score. Where relevant, we include "See also" references together with page references to give you additional areas to think about as well as a direct page reference so that you can instantly access the related information: these references can be very helpful in generating further mark-scoring ideas and connections under time pressure. Important notice: this set of Exam Room Notes has been designed as a quick reference resource to remind you of content that you should already have studied in detail based on the ICAEW Study Manual and your tuition provider's notes. You must already have studied the Advanced Level syllabus in detail before using this book - the book is in no way designed to replace the Study Manual as a learning resource. If you have invested insufficient time in learning the syllabus content then our Exam Room Notes will not be comprehensible or useful as the book only provides reminders regarding material you must already have studied. Look out for our other Advanced Level Exam Room Notes publications (Audit and Assurance Exam Room Notes and Financial Reporting Exam Room Notes)! See www.acasimplified.com for more information on our popular Exam Room Notes series.

New revised 2016 edition of our very popular Audit Risks & Tests exam room notes book. Provides an alphabetical quick reference list of 70 key audit test and risk areas based on our careful review of the ICAEW Study Manual for Corporate Reporting, the ICAEW Question Bank for Corporate Reporting and the previous "old" TI paper in Business Reporting, together with past papers and ICAEW mocks for both the evolved Advanced Level and "old" TI level. Useful as a quick reference guide to generate reminders in the exam. Reduces the time that you will need to invest in revising Audit, which is a fundamental element of the Corporate Reporting paper, given the removal of Tax from this evolved ACA paper - now 2 of the 3 questions in CR will have a heavy or even exclusive emphasis on audit risks and tests so the importance of this book's information and quick reference approach has been further enhanced under the evolved ACA. This book removes the need for you to prepare your own folder notes on risks and tests, leaving more time to invest in other aspects of Audit or the other elements of the new Advanced Level. In addition to reviewing past papers and mocks, we have carefully summarised the audit tests in the "Audit Focus" sections introduced in the 2015 edition of the Corporate Reporting Study Manual to ensure that you have quick reference to tests which have been emphasised in the new Advanced Level materials (i.e. tests which the examiners appear keen for students to learn and mention but which are somewhat hidden away at the end of the financial reporting chapters). All such tests are now indicated in bold in the relevant sections of our book. All 70 Audit areas are arranged in

alphabetical order, allowing quick reference without having to remember which chapter to consult. Where relevant, cross references between Audit areas are also included, giving you reminders and hints. Book can also be used in preparation for Professional Level Audit & Assurance, helping you learn lists of tests for the crucial question on audit tests and procedures. For a free sample, see the Samples page at www.acasimplified.com. Look out for our other Advanced Level Exam Room Notes publications (SBM Exam Room Notes and FR Exam Room Notes) - out now on Amazon!

[Previously known as Advanced Level Audit Q&A.] New 2019 edition based on the updated 2019 ICAEW Study Manual and including analysis of the audit and assurance elements of the 2014 to 2018 Advanced Level ICAEW past papers in both Corporate Reporting and Strategic Business Management. Fully updated for IFRS 9 and IFRS 15 Study Manual content. This Q&A uses a self-test methodology to reduce the very dense Advanced Level Audit & Assurance syllabus into over 800 active questions, making the topic more interesting and interactive to study. Helps to build your confidence and avoid becoming overwhelmed by the large number of learning points in full exam standard questions and in the vast and dense Study Manual. Instead, our Q&A tests one thing at once and therefore allows you to learn an issue properly before moving on. In this way, you can build your knowledge effectively without trying to cover too much at the same time. Questions are split into 13 different topic areas and also include relevant past paper questions from the old "Technical Integration" papers for further practice. The introduction to the book analyses the papers set for the first 10 sittings of the Corporate Reporting and Strategic Business Management papers, which were introduced with effect from July 2014. We also include relevant questions and detailed analysis of the mark allocation from Technical Integration past papers over the 2009-2013 period, showing you which areas to prioritise - the Evolved ACA Audit syllabus is relatively unchanged from the previous Technical Integration syllabus so we believe that this analysis will remain valid for the Advanced Level. We also include extensive testing of the new "Audit Focus" sections which can be found hidden away at the end of the financial reporting chapters of the Corporate Reporting Study Manual - easily missed when preparing for Audit! Combined with our companion Advanced Level Audit & Assurance Exam Room Notes book, this Q&A should provide all that you need to pass Advanced Level questions involving Audit and Assurance - this means potentially all 3 questions in Corporate Reporting and vital marks also in at least one of your Strategic Business Management questions. Analysis of distribution of past paper marks in CR and SBM papers set from 2014 to 2018 to help you focus your revision on key areas. Contains questions on areas such as auditing standards, audit tests, specialist assurance areas such as internal auditing, environmental and social auditing, agreed upon procedures and groups. See www.acasimplified.com for more information on our Q&A technique.

(Previously known as "Advanced Level Audit Risks & Tests") New revised 2018 edition of our very popular Exam Room Notes book. **RETAINED FEATURE FROM MAJOR 2017 UPDATE** - following numerous requests from students, for the 2017 edition of the book we added exam room notes on all Advanced Level Assurance areas such as internal audit, corporate governance, due diligence, examination of prospective information (ISAE 3400) and other areas - we have retained this feature for the 2018 edition of the book so our Exam Room Notes therefore provide reminders not only for statutory audit risks & tests questions but also on specialist assurance areas. Provides an alphabetical quick reference list of approximately 70 key audit test and risk areas and 14 assurance topics, based on our careful review of the ICAEW Study Manual for Corporate Reporting, the ICAEW Question Bank for Corporate Reporting and the previous "old" TI paper in Business Reporting, together with past papers and ICAEW mocks for both the evolved Advanced Level and "old" TI level. All such tests are now indicated in bold in the relevant sections of our book. All 70 Audit areas and 14 Assurance topics are arranged in alphabetical order, allowing quick reference without having to remember which chapter to consult. Risks & tests are contained in the first part of the book and Assurance is split out separately in the second part of the book for ease of reference. Where relevant, cross references between Audit areas are also included, giving you reminders and hints.
