to the codification project. They ' ll learn how to leverage everyday accounting programs like Excel, GLS, and other computerized accounting software giving them a strong background in the tools needed in the accounting profession. New and existing content is arranged in a way to offer accountants a chance to review key concepts. New to This Edition: NEW IFRS content: Intermediate Accounting, 13e, includes, in 20 of the 24 chapters, a “ Convergence Corner ” feature that demonstrates to readers how international financial reporting standards apply to the main topics of the chapter. * Updated Appendix 24B provides a complete discussion of the international accounting and reporting environment, with the latest convergence developments. * Quick-hitting International Insights in the margins compare or contrast international standards with a point under discussion in the nearby text. * New end-of-chapter Questions in each chapter focus on international standards introduced in the chapter. These questions are marked with an icon for easy reference. * International Reporting Cases ask readers to analyze financial statements of international companies and apply analysis with the application of international standards. Updated Fair Value discussions: Fair value has been expanded at both the introductory level in Chapter 2 and in subsequent chapters where appropriate. The more thorough discussion in Chapter 2 lays the groundwork for expanded discussions in later chapters. The result is a solid understanding of fair value in the accounting profession today. FASB Codification: This edition integrates the new FASB Codification throughout. References to the accounting pronouncements replaced by a numbering system in each chapter linked to the new Codification. A list of Codification references at the end of each chapter links the bracketed numbers from the text to the Codification; this list also includes a reference to the preceding
