Introduction to constitutional and administrative law ... constitutional and administrative law law is concerned with the role and powers of the institutions within the state and with the relationship between the

Introduction into Constitutional and Administrative Law ... Constitutional or administrative law is arguably the most important in existence; without it there could be no other laws and the state would not be able to function. It holds our country together. Practising administrative or constitutional law means you will either be employed by the state in the Government Legal Service (GLS), or in a private practice.

ADMINISTRATIVE ...

Administrative law is about the public administration of life, in the sense that the state regulates what we do. It is mainly about principles or notions of good governance, fairness, accountability, transparency, the rule of law, parliamentary sovereignty, legality, and comity or respect for public office. There is a clear overlap with constitutional law.
