The Spirit of Islam is considered one of the best and most well-written sources of information on the life of Mohammed the prophet and the history of Islam. Consisting of two parts, "The Life and Ministry of the Prophet" and "The Spirit of Islam," the book contains the literary, cultural, social, political, and philosophical history of Islam. Originally, the book was a short work entitled "A Critical Examination of the Life and Teachings of Mohammad," but the author later revised the work into what it is today. a descendant of Mohammad, Ali's words were extremely influential. When he returned to Calcutta in 1873, he continued his law practice, became a law professor at Calcutta University, and founded the Central National Mohammedan Association in 1877, a political organization central to promoting modern Muslim thought. Ali moved back to London in 1904, establishing the London Muslim League in 1908 and the first London mosque in 1910. Kitab al-Amwal (The Book of Revenue) is the work of a brilliant legal mind. Abu Ubayd al-Qasim ibn Sallam provides us with an accurate record of legal precedents laid down in the first two centuries of Islam, in particular those pertaining to the sources of revenue and the avenues of public expenditure. The power of the book, however, lies in the method of the author and the analysis undertaken by him. He gathers together the traditions of the Prophet (pbuh), the opinions of his companions and the views of eminent jurists, and then subjects them to legal analysis that is unparalleled in Islamic legal literature. This book, now in paperback, is essential for every student of Islamic law, especially those who wish to master the art of interpreting and analyzing legal traditions and early precedents. In the discipline known as fiqh al-sunnah, there is no book or manual that can compete with this outstanding work.

Understand Islam, its ideology, beliefs, values, and principles.
