A warm, gorgeous exploration of a little girl's experience immigrating to a new country and missing her home and her grandmother, who still lives far away. Sakura's dad gets a new job in America, so she and her parents make the move from their home in Japan. When she arrives in the States, most of all she misses her grandmother and the cherry blossom trees, under which she and her grandmother used to play and picnic. She wonders how she'll ever feel at home in this new place, with its unfamiliar language and landscape. One day, she meets her neighbor, a boy named Luke, and begins to feel a little more settled. When her grandmother becomes ill, though, her family takes a trip back to Japan. Sakura is sad when she returns to the States and once again reflects on all she misses. Luke does his best to cheer her up -- and tells her about a surprise he knows she'll love, but she'll have to wait till spring. In the meantime, Sakura and Luke's friendship blooms and finally, when spring comes, Luke takes her to see the cherry blossom trees flowering right there in her new neighborhood. Sakura's Cherry Blossoms captures the beauty of the healing power of friendship through Weston's Japanese poetry-inspired text and Saburi's breathtaking illustrations.

Following the seventieth anniversary of the atomic bombing of Hiroshima, this is a new, very personal story to join Sadako and the Thousand Paper Cranes. Yuriko was happy growing up in Hiroshima when it was just her and Papa. But her aunt Kimiko and her cousin Genji are living with them now, and the family is only getting bigger with talk of a double marriage! And while things are changing at home, the world beyond their doors is even more unpredictable. World War II is coming to an end, and since the Japanese newspapers don't report lost battles, the Japanese people are not entirely certain of where Japan stands. Yuriko is used to the sirens and the air-raid drills, but things start to feel more real when the neighbors who have left to fight stop coming home. When the bombs hit Hiroshima, it's through Yuriko's twelve-year-old eyes that we witness the devastation and horror. This is a story that offers young readers insight into how children lived during the war, while also introducing them to Japanese culture. Based loosely on author Kathleen Burkinshaw's mother's firsthand experience surviving the atomic bombing of Hiroshima, The Last Cherry Blossom hopes to warn readers of the immense damage nuclear war can bring, while reminding them that the "enemy" in any war is often not so different from ourselves.

No More "Us" and "Them" delineates what steps educators can take to create an atmosphere where adolescent students feel accepted, included, and valuable to themselves and to their peers. This book provides ideas for lessons and activities that can be integrated into existing curricula and that meet a variety of content area standards in language arts, social studies, science, mathematics, foreign languages, physical education, art, and music, while also proposing ideas for advisory or homeroom periods and class, team, and grade gatherings to build respect in our classrooms, our schools, and our communities.

The haunting and poignant story of a how a young Japanese girl's understanding of the historic and tragic bombing of Hiroshima is transformed by a memorial lantern-floating ceremony. Twelve-year-old Nozomi lives in the Japanese city of Hiroshima. She wasn't even born when the bombing of Hiroshima took place. Every year Nozomi joins her family at the lantern-floating ceremony to honor those lost in the bombing. People write the names of their deceased loved ones along with messages of peace, on paper lanterns and set them afloat on the river. This year Nozomi realizes that her mother always releases one lantern with no name. She begins to ask questions, and when complicated stories of loss and loneliness unfold, Nozomi and her friends come up with a creative way to share their loved ones' experiences. By opening people's eyes to the struggles they all keep hidden, the project teaches the entire community new ways to show compassion. Soul Lanterns is an honest exploration of what happened on August 6, 1945, and offers readers a glimpse not only into the rich cultural history of Japan but also into the intimate lives of those who recognize--better than most--the urgent need for peace.
