Best knife sets - best kitchen knives - Good Housekeeping

Buying Kitchen Knives. Rather than commit to (and have to store) what you really don't need, buy only the knives that you know you will use. To do this, you need to ask yourself some pretty tough questions, like "How do I really use my kitchen?" This does not mean, "How would I aspire to cook if I were a better person (and not me)?"

As the number of gourmet home kitchens burgeons, so does the number of home cooks who want to become proficient users of the

File Type PDF Kitchen Knife Buying Guide

professional-caliber equipment they own. And of all kitchen skills, perhaps the most critical are those involving the proper use of knives. Norman Weinstein has been teaching his knife skills workshop at New York City's Institute of Culinary Education for more than a decade—and his classes always sell out. That's because Weinstein focuses so squarely on the needs of the nonprofessional cook, providing basic instruction in knife techniques that maximize efficiency while placing the least possible stress on the user's arm. Now, *Mastering Knife Skills* brings Weinstein's well-honed knowledge to home cooks everywhere. Whether you want to dice an onion with the speed and dexterity of a TV chef, carve a roast like an expert, bone a chicken quickly and neatly, or just learn how to hold a knife in the right way, *Mastering Knife Skills* will be your go-to manual. Each cutting, slicing, and chopping method is thoroughly explained—and illustrated with clear, step-by-step photographs. Extras include information on knife construction, knife makers and types, knife maintenance and safety, and cutting boards, as well as a 30-minute instructional DVD featuring Weinstein's most important techniques.

Why are most of us so woefully uninformed about our kitchen knives? We are intimidated by our knives when they are sharp, annoyed by them when they are dull, and quietly ashamed

File Type PDF Kitchen Knife Buying Guide

that we don't know how to use them with any competence. For a species that has been using knives for nearly as long as we have been walking upright, that's a serious problem. *An Edge in the Kitchen* is the solution, an intelligent and delightful debunking of the mysteries of kitchen knives once and for all. If you can stack blocks, you can cut restaurant-quality diced vegetables. If you can fold a paper airplane, you can sharpen your knives better than many professionals. Veteran cook Chad Ward provides an in-depth guide to the most important tool in the kitchen, including how to choose the best kitchen knives in your price range, practical tutorials on knife skills, a step-by-step section on sharpening, and more—all illustrated with beautiful photographs throughout. Along the way you will discover what a cow sword is, and why you might want one; why chefs are abandoning their heavy knives in droves; and why the Pinch and the Claw, strange as they may sound, are in fact the best way to make precision vegetable cuts with speed and style. *An Edge in the Kitchen* is the one and only guide to the most important tool in the kitchen.

A New York Times Bestseller Winner of the James Beard Award for General Cooking and the IACP Cookbook of the Year Award "The one book you must have, no matter what you're planning to cook or where your skill level falls."—New York Times Book Review Ever wondered how to

File Type PDF Kitchen Knife Buying Guide

pan-fry a steak with a charred crust and an interior that's perfectly medium-rare from edge to edge when you cut into it? How to make homemade mac 'n' cheese that is as satisfyingly gooey and velvety-smooth as the blue box stuff, but far tastier? How to roast a succulent, moist turkey (forget about brining!)-and use a foolproof method that works every time? As Serious Eats's culinary nerd-in-residence, J. Kenji López-Alt has pondered all these questions and more. In *The Food Lab*, Kenji focuses on the science behind beloved American dishes, delving into the interactions between heat, energy, and molecules that create great food. Kenji shows that often, conventional methods don't work that well, and home cooks can achieve far better results using new-but-simple-techniques. In hundreds of easy-to-make recipes with over 1,000 full-color images, you will find out how to make foolproof Hollandaise sauce in just two minutes, how to transform one simple tomato sauce into a half dozen dishes, how to make the crispiest, creamiest potato casserole ever conceived, and much more.

Energetic, classic, adventurous and completely satisfying, *Eat Delicious* is packed with stunning photography and big bold recipes-- perfect for fans of Jamie Oliver, Smitten Kitchen and the hundreds of thousands of followers of Dennis the Prescott on Instagram. From the creator of the wildly

Skip the takeout and create Dennis's fabulous fare in your own kitchen with this dazzling cookbook that makes it easy to eat delicious!

Good knife skills can be the most important ingredient in preparing a dish. Mastering professional knife skills makes a cook not only faster but safer as well. Kitchen Knife Skills shows the home cook how to choose and care for knives, how to keep them sharp and how to make the best use of their most important features. This comprehensive guide details the standard professional techniques used by chefs the world over, allowing the home cook to work just like the professionals -- quickly, effectively and stylishly.

Detailed, step-by-step photos and

File Type PDF Kitchen Knife Buying Guide

instructions show how to prepare anything in the kitchen, including: -Vegetables -Fruits -Herbs -Poultry and meat -Fish -Bread and cakes From filleting a fish to fanning a piece of fruit, every knife and knife skill is described in detail in this outstanding resource book. Using this guide, anyone can cook like a professional chef.

In "Knives Cooks Love," trusted cookware authority Sur La Table teams up with writer Jay to guide chefs of all levels so their knives will last a lifetime. The nuances between knife blades and handles are discussed, and numerous cutting techniques are showcased. These skills are then put to the test with more than 20 knife-essential, tantalizing recipes.

Good knife skills are key to feeling confident and comfortable in the kitchen. Chef Bill Collins teaches you how to wield cooking knives properly, so you can slice, peel, bone, and dice with ease. Illustrated step-by-step instructions show you how to cut and carve seafood, poultry, meats, and produce of all kinds. In addition to profiling the best uses for a variety of knife types, Collins includes tips for using other sharp kitchen tools like graters, vegetable peelers, and mandolins. Get ready to chop away!

Sharp is a knife skills class in book form

File Type PDF Kitchen Knife Buying Guide

and an introduction to the best knives you can buy from all over the world. From a premier knife purveyor and go-to knives expert, this comprehensive guide details the elements of buying and caring for good knives, including sharpening and knife skills. Step-by-step instructions and photography cover a range of techniques with 15 recipes from great chefs—including Stuart Brioza of State Bird Provisions and Melissa Perello of Frances—which feature all the cuts that mark an accomplished cook. Sharply packaged with a textured cover, a foil spine, and more than 150 striking photographs of knifemakers, coveted knives, and beautiful food, this is the cookbook, handbook, and visual journey for anyone wanting to hone their skills in the kitchen.

'Hayward, one of the... best food writers alive, every page a different blade, glintingly pictured and lovingly described. Kitchen porn but not sinister: A cook's gotta chop, a cook's gotta mince.' - Simon Schama in New York Times 'Both essential and informative, useful information and sheer blade porn. Tim Hayward explores the world of knives with enthusiasm and authority.' - Anthony Bourdain 'This is possibly the coolest book I have ever seen. Glorious in content, geeky in text and engaging in photography. This is every cook's must-have reference book! I love it.' - Tom Kerridge 'Tim Hayward is the most serious cookery

File Type PDF Kitchen Knife Buying Guide

writer I know. Whatever he says, I will listen. Whatever he writes, I will buy.' - Len Deighton 'A gleaming, razor-sharp paean to the chef's greatest weapon in Knife by Tim Hayward. Both eloquent and encyclopaedic, Knife is the ultimate book of blades'' - Tom Parker Bowles, Mail on Sunday Knife is a love-letter to this essential culinary tool - its form, history and creation. The knife can be the most functional utensil or the most exquisite piece of design - avid collectors pay jaw-dropping sums for a piece of Japanese hand-crafted steel, made according to traditions that date back thousands of years. Through interviews with knife-makers, chefs and collectors, acclaimed food writer Tim Hayward explores how the relationship between cook and blade has shaped the both the knife itself, and the ways we prepare and eat food all over the world. From Damascus blades to Chinese cleavers and sushi knives, at the heart of Knife is a fascinating guide to 40 different types of knife, each with its own unique story, detailed description and stunning photographs. Lavishly illustrated and designed, and as cool, personal and desirable as the most intricately crafted deba, Knife opens up the world of this most covetable of culinary implements.
