published on the topic,  
and this eventually  
translates into literature  
review when you write  
your research paper.

Literature review is one  
of the pillars on which  
your research idea  
stands since it provides  
context, relevance, and  
background to the  
research problem you  
are exploring.

humanities. However, unlike research papers, which establish new arguments and make original contributions, literature reviews organize and present existing research.

## ~~What Is a Literature Review?~~

Now we are moving to the literature review in research paper.

# Read Online Literature

Reviewing the work of others. A literature review is about reviewing the work of others who have done something in this field you are researching. In the literature review, you will look at the work of other people and you will relate it to your own research.
