Paris to the Past. Author Ina Caro's intriguing idea was "to travel by train through the history of France, taking day trips from central Paris ... traveling in chronological order to a different century each day, and returning to Paris each evening.". Dividing the book into the Middle Ages, the Renaissance, 17th-century France, 18th-century Paris, and Napoleon and the Restoration, the author visits from three to ten destinations for each era, devoting a chapter to each trip.

Thus any goods or passengers requiring transportation from Lyon to Clermont-Ferrand in 1860 needed to take a circuitous route via Paris of over seven hundred kilometers, even though a mere hundred and twenty kilometers separated the two cities. This centering on Paris led to inefficiency in the Franco-Prussian War (1870 - 1871). The Prusso-German railway lines, inter-connected in a grid-like fashion, proved far more efficient at advancing troops and supplies to the front than the French one.

One of Popsugar's Best New Books for Summer 2020 A thirty-year-old woman retraces her gap year through Ireland, France, and Italy to find love—and herself—in this hilarious and heartfelt novel. It's been seven years since Chelsea Martin embarked on her yearlong postcollege European adventure. Since then, she's lost her mother to cancer and watched her sister marry twice, while Chelsea's thrown herself into work, becoming one of the most talented fundraisers for the American Cancer Coalition, and with the exception of one annoyingly competent coworker, Jason Knightley, her status as most successful moneymaker is unquestioned. When her introverted mathematician father announces he's getting remarried, Chelsea is forced to acknowledge that her life stopped after her mother died and that the last time she can remember being happy, in love, or enjoying her life was on her year abroad. Inspired to retrace her steps—to find Colin in Ireland, Jean Claude in France, and Marcelino in Italy—Chelsea hopes that one of these three men who stole her heart so many years ago can help her find it again. From the start of her journey nothing goes as planned, but as Chelsea reconnects with her old self, she also finds love in the very last place she expected.
