In the practical politics of place responsibility will gradually shift from a national to a local level because it is at the scale of cities and towns that a balance has to be found between local identity and openness to the world. Of course policies and decisions will be contested, sometimes the particularities of place will win out, sometimes interdependence, but overall and in the long run a practical politics of place must continue to look simultaneously inward to the qualities of ...

Movements for the vote and workers' rights in 19th century Britain fought for the right to meet and to speak in public space. Popular protests contested the meaning of 'public' in public space. This website accompanies the book *Protest and the Politics of Space and Place, 1789-1848* by Katrina Navickas (Manchester University Press, 2015).

PROTEST AND THE POLITICS OF SPACE AND PLACE | a book ...

Place and Politics 2A commonplace of social psychology is that people's attitudes are shaped by where they are. Situational factors enter into interpersonal interactions, the attribution of trust and knowledge, judgments about ethics, and consumption decisions. From this viewpoint, there is no such thing as discrete individuals.

politics of place Politics is what connects the public sector to its communities, and can be sometimes viewed as the lifeblood of local government. At their best politicians know and understand their communities intimately, create aspirations out of local desires, draw compelling pictures of the future and bring people together to achieve great things.

Politics of Place | Leadership

A cultural politics of resistance, as exemplified by Black politics, feminism, and gay liberation, has developed struggles to turn sites of oppression and discrimination into spaces of resistance. This book collects together perspectives which challenge received notions of geography; which are in danger of becoming anachronisms, without a language to articulate the new space of resistance, the ...

Place and the Politics of Identity: Steve Pile, Michael ...

Montesquieu saw that the circumstances of a place -- its religion, commerce, laws, institutions, physical environment, and mores -- determine the best political order for that place. In this sense, Montesquieu is the great innovator of what Bandoch calls the "politics of place."

Politics of Place - Boydell and Brewer

Place is a stage and practice of power; it is also the site of great pleasures and possibilities for girls. As Timothy Cresswell argues, we do not just experience something, we experience things "in place" (2014: 38). Experience, then, is also at the heart of what place means and does; it is something that is practiced...
