A selection of Poe's poetry and sixteen of his best-known tales, including "The Murders in the Rue Morgue," "The Fall of the House of Usher," "The Black Cat," and "The Pit and the Pendulum."

Nearly a decade after his last volume of short stories was published, Jeffrey Archer returns with his eagerly-awaited, brand-new collection TELL TALE, giving us a fascinating, exciting and sometimes poignant insight into the people he has met, the stories he has come across and the countries he has visited during the past ten years. Find out what happens to the hapless young detective from Naples who travels to an Italian hillside town to find out Who Killed the Mayor? and the pretentious schoolboy in A Road to Damascus, whose discovery of the origins of his father's wealth changes his life in the most profound way. Revel in the stories of the 1930's woman who dares to challenge the men at her Ivy League University in A Gentleman and A Scholar while another young woman who thumbs a lift gets more than she bargained for in A Wasted Hour. These wonderfully engaging and always refreshingly original tales prove not only why Archer has been compared by the critics to Dahl and Maugham, but why he was described by The Times as probably the greatest storyteller of our age.

From the author of The Monsters Know What They're Doing comes an introduction to combat tactics for Dungeons & Dragons players. In his first book, The Monsters Know What They're Doing (based on his popular blog), Keith Ammann unleashed upon the D&D world a wave of clever, highly evolved monster tactics. Now it's only fair that he gives players the tools they need to fight back...and prevail! An introduction to combat tactics for fifth-edition Dungeons & Dragons players, Live to Tell the Tale evens the score. It examines the fundamentals of D&D battles: combat roles, party composition, attacking combos, advantage and disadvantage, Stealth and Perception, and more...including the ever-important consideration of how to run away! Don't worry about creating a mathematically perfect character from square one. Survival isn't about stats—it's about behavior! With four turn-by-turn, roll-by-roll, blow-by-blow sample battles, Live to Tell the Tale breaks down how to make the best choices for your cherished characters so that they can survive their adventures, retire upon their accumulated riches, and tell stories about the old days that nobody will ever believe.

Meet Edgar and Allan Poe -- twelve-year-old identical twins, the great-great-great-great-grandnephews of Edgar Allan Poe. They look and act so much alike that they're almost one mischievous, prank-playing boy in two bodies. When their beloved black cat, Roderick Usher, is kidnapped and transported to the Midwest, Edgar and Allan convince their guardians that it's time for a road trip. Along the way, mayhem and mystery ensue, as well as deeper questions: What is the boys' telepathic connection? Is Edgar Allan Poe himself reaching out to them from the Great Beyond? And why has a mad scientist been spying on the Poe family for years? With a mix of literary humor, mystery, a little quantum physics, and fun extras like fortune cookie messages, letters in code, license plate clues -- and playful illustrations throughout -- this series opener is a perfect choice for smart, funny tweens who love the Time Warp Trio, Roald Dahl, and Lemony Snicket.

John, aged sixty, suffered a stroke and recovered fully, except in one respect: although he can see perfectly, he can no longer recognize faces, even his own reflection in a mirror. Whenever Francesca touches a particular texture, she experiences a vivid emotion: denim = extreme sadness; wax = embarrassment; orange peel = shock. Jimmie, whose left arm was recently amputated, can still feel it -- and it's itchy. Our brains are the most enchanting and complex things in the known universe -- but what happens when they go wrong? Dr V. S. Ramachandran, 'the Sherlock Holmes of brain science' and one of the world's leading neuroscientists, has spent a lifetime working with patients who suffer from rare and baffling brain conditions. In The Tell-Tale Brain, he tells their stories, and explores what they reveal about the greatest mystery of them all: how our minds work, and what makes each of us so uniquely human.

Living dangerously with the members of the world-renowned Explorers Club.

Ten tantalizing tales include "The Fall of the House of Usher," "William Wilson," "The Pit and the Pendulum," "The Cask of Amontillado," "The Purloined Letter," "The Murders in the Rue Morgue," more.

Presents a collection of critical essays on Poe's novel, The tell-tale heart, arranged chronologically in the order of their original publication.
