The Great Crash, 1929 is a book written by John Kenneth Galbraith and published in 1955. It is an economic history of the lead-up to the Wall Street Crash of 1929. The book argues that the 1929 stock market crash was precipitated by rampant speculation in the stock market, that the common denominator of all speculative episodes is the belief of participants that they can become rich without work and that the tendency towards recurrent speculative orgy serves no useful purpose, but rather is deep

The Great Crash - 1929 - Wikipedia

The Wall Street Crash of 1929, also known as the Great Crash, was a major American stock market crash that occurred in the fall of 1929. It started in September and ended late in October, when share prices on the New York Stock Exchange collapsed. It was the most devastating stock market crash in the history of the United States, when taking into consideration the full extent and duration of ...

The Great Crash 1929 by Galbraith - J.K. - AbeBooks

Of John Kenneth Galbraith's The Great Crash 1929, the Atlantic Monthly said: "Economic writings are seldom notable for their entertainment value, but this book is. Galbraith's prose has grace and wit, and he distills a good deal of sardonic fun from the whopping errors of the nation's oracles and the wondrous antics of the financial community."
