The Myth of Male Power: Why Men Are the Disposable Sex ...

Backed by a stunning array of facts, The Myth of Male Power shatters the singular assumption that most keeps men and women apart - the belief that men have the power. This myth, says Dr. Farrell, hurts everyone - by making women feel oppressed and angry an

The Myth of Male Power by Warren Farrell - Goodreads

The Myth of Male Power documents how virtually every society that survived did so by persuading its sons to be disposable—disposable in war, disposable at work—and therefore, indirectly, disposable as dads. Universities teach our children that we live in a patriarchal world controlled by men to benefit men at the expense of women.

The Myth of Male Power: Why Men Are the Disposable Sex Part L WARren FARrell In dialogue form, the author reviews the highlights of the book version of The Myth of Male Power . Farrell takes us into our legal system, world history and religions, the psychology and sociology of success, suicide and love, and the politics and psychology of domestic violence, date rape and sex. He shows that men ...

The Myth of Male Power

The Myth of Male Power confronts the politically correct myths, misandry and the feminist hegemony of sex discourse. It takes tremendous courage to challenge the orthodoxy and establishment. Both Dr. Farrell and his publisher, Simon & Schuster, deserve the highest kudos for their willingness to face the fire on this one.

men having inordinate social and economic power is false, and that men are systematically disadvantaged in many ways.

Warren Farrell - Wikipedia

The Myth of Male Power distinguishes between men's institutional power and genuine power. Farrell says genuine power is "control over one's life." He documents that virtually every society that has survived has done so by persuading its sons to be disposable--whether in war or in work; and therefore indirectly as dads. And disposability is not power. Farrell explains, "The road to high pay is ...

Read PDF The Myth Of Male Power

A guide to men/women relationships challenges the victim/oppressor mindset and offers a new perspective on the roots of gender conflict, explaining how to understand gender differences and forge deeper bonds. Reprint.

The bestselling author of *Why Men Are the Way They Are* sheds new light on the state of men in today's society, arguing that male power is a myth with startling and eye-opening facts. Farrell brilliantly illustrates how the male-as-oppressor image has fueled hatred between the sexes: making women feel angry and victimized and men unloved and unappreciated.

Manifesto of the men's movement, arguing that the image of men holding the power in society is a myth. Holds that men and women are both oppressed by sex roles and social expectations. Indexed. Author of *'Why Men Are the Way They Are'* has worked with men's organisations and the National Organisation of Women, and teaches at the School of Medicine of the University of California at San Diego.

What is the boy crisis? It's a crisis of education. Worldwide, boys are 50 percent less likely than girls to meet basic proficiency in reading, math, and science. It's a crisis of mental health. ADHD is on the rise. And as boys become young men, their suicide rates go from equal to girls to six times that of young women. It's a crisis of fathering. Boys are growing up with less-involved fathers and are more likely to drop out of school, drink, do drugs, become delinquent, and end up in prison. It's a crisis of purpose. Boys' old sense of purpose—being a warrior, a leader, or a sole breadwinner—are fading. Many bright boys are experiencing a "purpose void," feeling alienated, withdrawn, and addicted to immediate gratification. So, what is The Boy Crisis? A comprehensive blueprint for what parents, teachers, and policymakers can do to help our sons become happier, healthier men, and fathers and leaders worthy of our respect.

Shows couples ways to improve communication, and discusses giving and receiving criticism, and reexamines popular stereotypes

What are the real reasons women earn less than men? What can they do about it? Find out in a new expos(r) from the bestselling author of "The Myth of Male Power."

Considers aspects of male-female relationships in America today to determine the motivations behind male behavior

Applying data from over 150 tribal societies to scales developed to measure power and dominance, Sanday offers answers to basic questions regarding male and female power. The view that emerges conforms to no particular theoretical perspective.

The first edition of this book was lavishly praised by many authorities as the most formidable demonstration of an unpopular truth: males rule in all societies known to history or anthropology, for reasons arising from innate physiology, a brute fact that can never be conjured away by tinkering with social institutions. This new edition has been completely rewritten in the light of two decades of scholarship and debate, taking account of all published criticisms of earlier editions.
