Military use of advanced polymer matrix composites (PMC)“consisting of a resin matrix reinforced by high-performance carbon or organic fibers”while extensive, accounts for less than 10 percent of the domestic market. Nevertheless, advanced composites are expected to play an even greater role in future military systems, and DOD will continue to require access to reliable sources of affordable, high-performance fibers including commercial materials and manufacturing processes. As a result of these forecasts, DOD requested the NRC to assess the challenges and opportunities associated with advanced PMCs with emphasis on high-performance fibers. This report provides an assessment of fiber technology and industries, a discussion of R&D opportunities for DOD, and recommendations about accelerating technology transition, reducing costs, and improving understanding of design methodology and promising technologies.

I have physical scars from past surgeries, however, I have emotional scars as well. They were buried deep inside (hidden). It wasn't until my mother died was I able to "catch my breath" and to make sense of or process the emotional pain I had endured due to her prescription drug addiction, resulting in my own addictions.

Exploring the Bible provides students with a clear, concise, and accessible introduction to the Bible, both Old and New Testaments. The book combines current scholarship with a fresh, readable analysis of the biblical literature, placing each document in its socio-historical context. Student-friendly, it facilitates learning with helpful pedagogical features, ranging from "Key Topics/Themes" summarizing crucial information at the head of each chapter to an extensive glossary of essential terms at the end of the book. At the close of each chapter, "Questions for Discussion and Review" contribute to stimulating class discussions. "Recommended Readings" emphasize the most current--and easily accessible--references for further study.
