Lawyering skills are increasingly part of undergraduate law degrees as well essential elements in the postgraduate vocational law courses, the LPC and the BVC. This fully updated third edition continues to bring together the theory and practice of these skills in an accessible and practical context. The authors draw on their vast experience of law in practice to develop the core skills taught on both undergraduate and postgraduate courses. Skills covered include: written communication mediation information technology opinion writing drafting advocacy interviewing negotiation legal research. Each chapter uses diagrams, boxes, lists and flow charts to further explain and develop each skill and ends with a further reading section. A Practical Guide to Lawyering Skills is essential reading for all undergraduate and vocational law students seeking to develop the necessary skills to work successfully with law in the twenty-first century.

Turn your VW into a high-performance machine. Chad Erickson explains everything from low-buck bolt-ons to CNC-machined mods. Learn how to choose, install, tune, and maintain performance equipment for Golfs, GTIs, Jettas, Passats, and more. This book will help improve your VW's engine, transmission and clutch, ignition, carburetion/fuel injection, suspension and handling, brakes, body, and chassis. In its 3rd edition, Water-Cooled VW Performance Handbook is now updated to include new engines, body styles, and modifications for the 1986-2008 model years.

With multitasking and more than a 100 other new features, iPhone 4.0 is a real treat, cooked up with Apple's traditional secret sauce of simplicity, intelligence, and whimsy. iPhone: The Missing Manual gives you a guided tour of everything the new iPhone has to offer, with lots of tips, tricks, and surprises.
