Explaining protracted war (the "long war") with guerrilla strategy Taber says "The guerrilla fights the war of the flea, and his military enemy suffers the dog's dis-advantages: too much to defend; too small, ubiq-uitous, and agile an enemy to come to grips with. If the war continues long enough;this is the theory;the dog succumbs to exhaustion and anemia without ever having found anything on which to close its jaws or to rake with its claws."

The war of the flea is a revolutionary weapon.; (Taber). Insurgent Aztlán The Liberating Power of Cultural Resistance reconstructs the relationship between social political insurgent theory and Xicano literature, film and myth. Based on decades of organizing experience and scholarly review of the writings of recognized observers and leaders of the process of national liberation movements, the author, Ernesto Todd Mireles, shares a remarkable work of scholarship that incorporates not only ...
