The Weso is a cast iron stove, with a inch or so gap, mostly encrusted with a ceramic tiled shell (beautiful tiles imported from Italy). Ceramic glass door so the fire is in view but with a porcelain covered swing grated door that when closed still allows fire viewing.

Weso Ceramic Wood Stove Tips and Tricks

It's a WESO Ceramic Radiant Heat Wood and Coal Stove. And it's a family piece. More on that in a bit. Except...we needed a chimney, since our old one was knocked out with a wall, and was falling apart anyway. The sun room this stove is in now, is in it's place. So...hooking up this stove, and getting a proper chimney up, that would pass inspection of course, was a major project. We ...

Describes a variety of woodburning devices that can be used to adapt fireplaces, in order to heat homes more efficiently

This book is a guide to the principles and practice of organic waste recycling, it addresses low-cost waste recycling technologies utilising microbial and natural processes. A wide range of topics is covered, opening with a discussion of the need for and the problems involved in organic waste recycling. The characteristics of a number of organic waste materials from a variety of sources, and the pollution and health risks which may be associated with them are described. The central core of the book presents a broad range of technologies used in the recycling of organic waste materials to produce valuable products such as : fertiliser, biogas, algae, fish and irrigated crops. Each recycling technology is described with respect to : objectives, benefits and limitations, environmental requirements, design criteria of the process, use of recycled products and public health aspects. This second edition has been completely revised and up-dated. It includes new sections on: waste minimisation and clean technology, application of constructed wetlands and regulatory aspects of waste disposal and recycling. Case studies of successful waste recycling programs are included and exercises for solving both theoretical and practical problems are given.
